ROB-09065

DESCRIPTION:

This servo is a simple, low-cost, high-quality servo for all your mechatronic needs. This servo is very similar in size and specifications to the Hitec HS-55. This little guy is able to take in 6 volts and deliver 20.8 oz-in. of maximum torque at 0.10 sec/60°.

This servo comes with a standard 2-pin power and control cable.
